SMESEC project

Published on NAM (http://nam.ece.upatras.gr)

Context:
Small and Medium size Enterprises (SMEs) are an important driver for innovation and growth in the EU. At the same time, ... level of SMEs information security and privacy standards adoption is relatively small.

Approach:
The SMESEC consortium is proposing to develop a cost-effective suite of cyber-security tools. The suite supports SMEs in ... the framework shall allow SMEs not only look at cyber-security as an obstacle but also as an opportunity for business.
